rinoceronte .

O   >  ... →  >

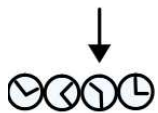

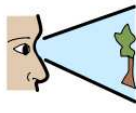

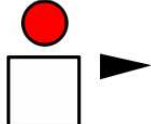

O rinoceronte não gosta de insectos então gosta de

 >  para  se  >

tomar banho de lama para se proteger dos

  
insectos .

 Às vezes  vemos  pássaros  em cima dos  rinocerontes ,

 comem  os insectos **e**  avisam  os rinocerontes da >

 chegada >  de inimigos .

Quando

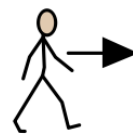

está

zangado

corre

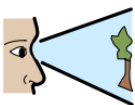

em frente

e

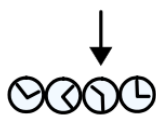

como

vê

mal

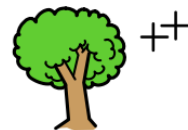

às vezes

bate

nas

árvores .
